BARBOURVILLE, KY., FRIDAY, OCTOBER 31, 1919

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

SUNDAY NIGHT UNION RED CROSS MEETING

A union meeting of all churches of the city was held Sunday night, Oct. 26, in the Christian Church. Music was furnished by the College Orchestra followed by a choir composed of members from all the choirs. Rev. Geo. Anderson, formerly of Corbin and now a State Worker, spoke in the interests of the Y. M. C. A. and Rev. A. H. Davis told of the State meeting of the Red Cross held at Lexington Oct. 21 and 22, and also of the fine Peace Program which this organization is planning to put on.

After the lecture the chairman appointed a committee which named the Executive Committee and they in turn elected the following officers: Rev. A. H. Davis, chairman.

Rev. T. J. Belcher, vice-chairman. James Golden, secretary.

R. W. Cole, treasurer.

Dr. Leslie Logan was chosen for chairman of the Third Red Cross Roll Call.

Remember — The Third Red Cross Roll Call!

The Big Day is Election Day!

Bring your dollar for your button when you come to vote.

REPUBLICAN RALLY

Republican enthusiasm is running high in our County. Saturday as large a crowd as ever seen here at a political gathering attended the speaking at the Court House where Major Jackson Morris, James S. Golden and Congressman Robison addressed them.

If the sentiment of that body means anything tomorrow is going to win ahead.

FOOT CRUSHED

Roy Dizney, of Grays, employed as a section hand at Four Mile, attempted to board a freight train Saturday and fell under the cars. One half of his left foot was crushed off, and how he escaped death is a miracle. He was brought to the Wilson Hospital by Dr. Pierce Martin, where his wound was dressed by Drs. Wilson and Martin.

—Pineville Sun.

UNION COLLEGE GETS BOILER

Wednesday morning brought a calvacade thru the city which was somewhat unique. It consisted of four horses and six oxen stepping briskly along with the new boiler weighing twelve and one half tons recently purchased by Union College from the Pine Ridge Coal Co. near Four Mile.

With this boiler the efficient engineer, Gus Hauser, will be able to heat the whole College which includes Speed Hall, Stevenson Hall, the Executive Building and Mr. Hauser's dwelling, in the severest weather, also pump the water supply and develop the electricity.

It will be a big job to place the boiler but if there is any job to which Gus Hauser cannot turn his mechanical genius we have not heard of it and inside of two weeks the work will probably be complete.

EVENING SPANISH CLASS

Prof. G. Brittain Lytle's Spanish class evenings from 7 to 9 p. m. at the offices of Judge Dishman on Knox St., is becoming increasingly popular with the studiously disposed as a highly useful and entertaining means of employing the long winter evenings. Spanish as one of the two National languages of all the Americas would appear to be entitled to first place as a foreign language study in the United States. Spain provided means for the discovery of America and established Christian supremacy in Southern Europe and today all Spanish speaking peoples maintain independent forms of government after our own example.

SOLDIER'S LETTER

Fort Caswell, N. C. Oct. 19, 1919
News from Fort Caswell, N. C. Kentucky boys make confession of being on No Man's Land. From Kentucky there are several boys including myself, but we are out in the jungles, North Carolina, which we call No Man's Land altho we have lots of pleasure with the Mulets, (the girls of Southport, N. C.) We have three dances a week, and three picture shows to entertain them with. Boys, join the U. S. Army and see the world! Ask the Recruiting Officer to be shipped to Fort Caswell, N. C. for it only takes about two years to better yourself in the service.

Bugler Claude L. Hammons. Mr Hammons expects to be discharged March 31st, 1920 and will be glad to get home.

VERMILION-CHURCHILL

Mr. Bert Churchill and Miss Nettie Vermillion, both of Barbourville, were married at the home of Rev. Roddy, Baptist Minister, in Middlesboro, Ky., Tuesday, Oct. 28th, 1919. They will make their home in Barbourville.

The Advocate and their many friends extend best wishes for a long and happy life together.

B. B. I. NOTES

The ladies of the Baptist Church will give a Hallowe'en Social Friday evening Oct. 31st in the Institute Chapel. Admission 10 cents.

Come One, Come All, Come in Costume!

We enrolled Hiram Marquis from Lexington this week.

Mr. Ben Parker and Mrs. John W. Hughes have been going out to the country churches to enlist them in the \$75,000,000 campaign. Also in the interest of B. B. I. They report progress for campaign and students.

Brother Blackburn will soon have the Boys' Dormitory completed. We shall then be able to accommodate forty-two boys.

The Minutes of the Baptist Association will soon be ready for distribution.

Vote "yes" on the Statewide amendment Nov. 4.

LETTER FROM A FORMER CITIZEN

New York, Oct. 25, 1919
Editor "Advocate," Barbourville Ky
Dear Mr. Burman:

I hope to be in Barbourville in November and have the pleasure of making your acquaintance. I am glad to tell you that you are making a real live newspaper, such as we need there in Knox County.

Some months ago I was down in your old neighborhood in Texas and saw some wonderful developments in the oil fields.

I enclose herewith my cheque for \$1.50 in payment for my subscription. Please change my address on the mailing list from 895 West End Ave. to 255 West 108th Street.

Yours very truly,
L. D. Sampson

A CORRECTION

The news story published last week in the Advocate under the title "Officers Destroy Still" should have been credited to the Pineville Sun.

UNION COLLEGE NOTES

The Annual Revival began Monday night. The first service was held by Dean Ryder. We are expecting very much good and many to be saved this year.

The Academy Freshies had a very pleasant picnic Monday afternoon and evening. The party went to Long Hill and there had a real college time. When they returned to the Campus they demonstrated some exceptionally good college yells.

Frances Edwards, a member of the Academy Juniors, has returned to Union after a long illness. His class is very glad to have him back and wish in every way to help him make up what he has lost in his studies.

The Dean hasn't arrested anyone as yet.

Mr. Schmidt, one of the traveling secretaries of the State Prohibition campaign, was here Friday and delivered us such a fine lecture that everyone is going to vote the "dry."

The Philoncean Literary Society gave their first program Wednesday evening. This was one of the finest programs ever given in the auditorium. Daugh Smith, President, gave the opening address with such pep and vim that every word was enjoyed by the student body.

The College Freshmen are glad to welcome back one of their faithful members, Mr. Reese Golden, who has been absent on account of illness.

The Self-Governing Association of Speed Hall has grown to be a strong organization. It has so successfully controlled the study hour in the evening, for which purpose it was organized, that President Franklin has permitted this Association to take over new duties other than that of study hour. In this it is also proving a success. The object of the organization is not only to keep the

RED CROSS NOTES

Rev. A. H. Davis was among the 250 representatives of Kentucky Red Cross chapters at the state conference of Red Cross workers in Lexington, October 21 and 22.

"Kentucky's work in the Red Cross up to this time has ranked very high in the Lake Division," headquarters told Mr. Davis. "It is a matter of pride that our peace time work should maintain the same high standard in the future."

Three hundred thousand dollar memberships is the quota set for Kentucky in the Third Red Cross Roll Call.

Mr. and Mrs. G. V. Sanders were in Pineville Sunday. Mr. Sanders has charge of the Methodist Church at that place.

The College Orchestra furnished the music for the union service at the Christian Church on Sunday evening. Good talent was displayed to the appreciation of the audience.

The Freshman College Class had a meeting Wednesday afternoon at which they decided to give a first class play most of the members to take part. Count on the College Freshmen for "pep."

IMPORTANT LOCAL METHODIST PROGRAM

At a meeting of the Official Board of the Methodist Episcopal Church Sunday afternoon, it was decided to put on the Centenary Campaign of Stewardship, Intercessory and Life Service closing with a revival commencing January 1st. The Church at large has set the goal of 1,000,000 souls by June 1st, 1920, and it is hoped that we of the Barbourville Church may be found doing our part in the winning of the lost of the Church as she has been faithful in winning the war.

The Board further agreed to put on an every member canvass this coming Sunday afternoon from 2 to 3 o'clock. It desires that the members of the Church will be at home during those hours so the Stewards will have opportunity to see them. This is the Kingdom's work and let us all do our part and then we shall see the Church prosper.

THE SHEPHERD OF THE HILLS

The author, Harold Bell Wright, with Elsbey Reynolds, his publisher, has formed a company which will be known as the Harold Bell Wright Story-Picture Corporation which will place upon the screen the best known of Wright's works. This announcement should be of interest not only to the countless millions of Mr. Wright's readers, as well as the leading motion picture producers, theatre managers and all others connected with the promotion of the motion picture industry, for, in placing the stories of Mr. Wright in pictures a wealth of new and fine material will be given to the motion picture camera. Any one of this author's stories contains enough drama to make several motion pictures, and they should take a pre-eminent place in a field where a dearth of good material is often felt. The first story to be pictured is "The Shepherd of the Hills." perhaps the best loved of all Mr. Wright's stories. The author and his associates have been working for months on this production. The picture has been taken in the heart of the Ozarks and in California. It is a ten reel superproduction with incidental music forming an evening's entertainment.

SIX O'CLOCK DINNER

Mr. and Mrs. F. W. Scent were hosts at a six o'clock dinner Friday evening in honor of Mrs. J. F. Smith, of Latonia, and Mrs. M. L. Word, of Seattle, Wash. Those present were, Mrs. Carrie Dickinson, Mrs. Guy Dickinson, Mrs. J. F. Smith, Mrs. M. L. Word, Mrs. O. Smith and Mr. and Mrs. Scent.

FOR SALE— All kinds of plants for winter flowers. Mrs. R. W. Cole.

Have You Ever Been Able To Save? Try Putting Away A Quarter A Week

"I can't save," a young man said a few months ago.
"Have you really tried?" he was asked.
"Oh yes, but somehow I can't make any headway. I get a little ahead, and then—oh well, it just slips thru my finger," he confessed.

That is the way with so many of us. But that young man is saving now. He is saving REGULARLY.

He tried this plan. It was hard, but he began by saving a quarter a week. Doesn't sound big does it?

But quarters make dollars. It was not the saving of quarters which amounted to so much. It was the habit that was growing on him. He has not raised it so much—just two dollars a week, but he is saving regularly and has already saved \$50.00.

\$1.00 Will Start An Account

We will borrow all the money you save systematically, just as this boy did, or the government will sell you War Savings Stamps for your savings, and there is no better investment.

Division Officials Answer Questions About The Peace-Time Red Cross

"Motor Corps, canteens and base hospital units operating under the Department of Military Relief are being reorganized for peace time. First Aid is being promoted in an effort to save lives. Soldiers in camps at home and abroad still have the Red Cross with them."

W. E. Kellogg, Director,
Department of Military Relief.

"Red Cross courses in Home Hygiene and Care of the Sick and Dietetics, training and enrollment of nurses for public health service and preparation for community emergencies are making the Red Cross nurse a vital factor in raising health standards at home."

Miss V. Lota Lorimer, R. N.,
Director, Department of Nursing.

"Disaster and Emergency Relief has been organized. Information Service established and Home Service will, in many cases, be extended to meet the needs of civilian families as needs of soldiers, and their families were met during the war."

Starr Cadwallader, Director,
Department of Civilian Relief.

"The Junior Red Cross in American schools is giving a new inspiration in work and play to teachers and pupils alike. It establishes a link with the world and trains the children in the ideal of international neighborliness."

Mrs. Harrison W. Ewing,
Director, Department of Junior Membership.

CAMPAIGN MANAGER ANNOUNCES DIVISION ROLL CALL QUOTA

THE Red Cross Third Roll Call aims to sign up 2,490,000 Red Cross members for the Red Cross service in 1920, according to an announcement made at Lake Division Headquarters today by MacKenzie R. Todd, campaign manager for Ohio, Indiana and Kentucky.

Chapters in Ohio, Indiana and Kentucky, which number 357, have been supplied with campaign material from division headquarters in preparation for the November 2-11 drive for Universal Membership.

Cincinnati chapter has sent an order for 70,000 buttons over the number assigned the chapter by division headquarters. Toledo has promised 90,000 at least and Dayton is counting on enrolling at least 53,000 members. Ashtabula has written Mr. Todd asking for double last year's quota.

To date 85 of the 108 Ohio chapters—90 of the 144 Kentucky chapters and 69 of the 105 Indiana chapters have appointed special Roll Call chairmen to conduct local campaigns for members. Red Cross peace service to humanity is as important as the organization's war service, in far-reaching effects for the betterment of humanity.

NOVEMBER 2-11

KENTUCKY BAPTISTS PUT CAMPAIGN FIRST

Indications Point To Certain
Victory In 75 Million
Drive.

Situation There Outlined

Rev. J. R. Black, Publicity Director, Describes Progress
In the Blue Grass State
To Date.

REV. J. R. BLACK

By REV. J. R. BLACK
Kentucky Publicity Director

The organization of Southern Baptists for the raising of 75 million dollars for all phases of work fostered by this people has now been pushed out until all of the 18 Southern states have followed the suggested organization. Kentucky is not behind in the number for in the 76 district associations there are now 70 associational organizers, 74 associational publicity men and 61 W. M. U. organizers. It is the purpose to have one of each of these in each association and then in the local church there will be an organizer in addition to the pastor, who is the director, a W. M. U. organizer and three boosters, who will do the publicity work. The organization has also extended until practically all of the 1,850 Baptist churches in Kentucky have these officers in charge and every effort is now being made to bring information and prepare for the great drive which will be made in one week's time, the date of which is November 20th to December 7th.

The state organization is in charge of Rev. O. E. Bryan, Corresponding Secretary of Missions, Louisville, Ky. Prof. John L. Hill, of Georgetown College, State Organizer and Director Georgetown, Ky., and Rev. J. R. Black, Publicity Director, Louisville, Ky.

At the general office in Louisville the most encouraging news is being continually received. The people all over the state are so enthusiastic about the campaign that from every quarter responses are now coming and some churches cannot wait for the drive to be made but are now pledging and giving more than was asked of them. The last message received was from Poplar Grove church in Graves county, which was asked for \$5,000 and after a sermon by the pastor pledges were made and the amount was more than raised. This has been done in many other places.

The information that is coming to the Baptists is probably one of the greatest benefits that is being derived from the campaign. A pastor in a mountainous association who had been preaching for over thirty years and had always maintained a position against the support of the ministry, and who did not believe in missions, stated at the meeting of the district association which he attended that he had learned more in this meeting of what God intended he should do to send the gospel to the other side, as well as to his neighbor, than in all his life before. A layman who had never given to missions, or much for any object of the church, said he wanted to give \$200 a year for the five years of the campaign. A railroad man upon hearing the call gave at once a fifty dollar Victory bond and said this was not to be counted as his part when the drive was made. From these to a great gift of \$30,000 by Mr. George E. Hays of Louisville the Baptist people are being reached and are enthusiastic to have a part in the great undertaking.

The one day in October that will be emphasized above all other days is the fourth Sunday, October 26th, which is the day set aside and known as the day for "Calling Out the Called." Kentucky expects to have at least 300 young people to dedicate their lives for special religious work on this day. Ministers, pastors, Sunday School workers, pastors' assistants, and B. Y. P. U. workers will hear the call for these different lines of service on this day.

One of the most hopeful signs that the Baptists have is the fact that the Southern Baptist Theological Seminary had on October 1st the largest opening of any in the past three years. The W. M. U. Training School at Louisville had 123 young ladies enrolled for special training. Everywhere the campaign has gotten first place in the thinking of the Baptists, and at this time Kentucky Baptists are going forward to do a little of what they have been waiting many years to do.

SAVING LUMBER WITH GLUE

The development at the Forest Products Laboratory, Madison, Wisconsin, of a water-resistant glue which will hold wood together under severe atmospheric conditions provides many wood users with a new means of saving lumber.

Small waste pieces of wood can be built up into large pieces which are strong as solid pieces and considerably cheaper.

The new laminated-wood construction is already being successfully used in wagon hubs and axles, hat blocks, shoe lasts, athletic apparatus, and airplane parts, all of which are exposed to hard usage and severe moisture conditions.

Detailed information about the manufacture of water resistant laminated wood may be obtained from the director of the laboratory free of charge.

HUGE SUGAR SALE IN FRANCE

NEW YORK, Oct. 18.—Simultaneously with the prediction today by Arthur Williams, federal food administrator, of a sugar famine in New York by next Tuesday unless the longshoremen's strike is settled the Harriman National Bank published a paid advertisement in an evening paper asserting that the surplus war material recently sold by the United States to France included 22,000,000 pounds of sugar.

"It is obvious," said the advertisement, "that the high cost of living is in a great measure due to an inefficiency of official Washington."

The advertisement added that the war material, "sold for about \$400,000,000 and estimated to be worth \$1,750,000,000, included almost everything in the list essential to our present day needs. The report of the committee on expenditures of the War Department to be made to Congress should show precisely why so valuable a quantity of material was virtually presented to France at the expense of the American taxpayer."

Mr. Williams asserted that a continuation of the strike would result in stores having practically no sugar by the middle of next week.

Will You Spend 50c On RAT-SNAP To Save \$100?

One 50c pkg. can kill 50 rats. The average rat will rob you of \$10 a year in feed, chicks and property destruction. RAT-SNAP is deadly to rats. Cremates after killing. Leave no smell. Comes in cakes. Rats will pass up meat, grain, cheese to feast on RAT-SNAP. Three sizes 25c, 50c, \$1.00. Sold and guaranteed by Costello Drug Co.

Ancient Bee Industry.

Some time back in the prehistoric era and probably antedating the time when mankind had tamed the wild bees and organized them in the business of producing "strictly fresh laid eggs," human kind had annexed the bee, or, anyhow, had made a business of robbing the wild bees. Bee farming is no new thing under the sun, but the bees were never before so carefully bred and cross-bred nor so intelligently assisted in the honey-making game as at present.

Electricity on the Farm.

Electricity is now equal to nearly all kinds of farm work, from irrigation to churning. So far it has not attacked plowing and cultivating, but electricity is not yet through with the farm.

The Right Word.

A couple of deaf mutes were married the other day. The wedding was truly described as "a quiet affair."—Boston Transcript.

Not a Summer Resort.

Very few Europeans are able to live in Hyderabad, India, during the summer, and the stalwarts who manage to endure the awful heat do not venture out of doors during the middle of the day at all. The white troops stationed there are not allowed out of barracks from nine o'clock in the morning till five o'clock, or later, in the evening, as the scorching sun and desert heat have claimed many victims from sunstroke and heat apoplexy.

Hardy Chinese Ponies.

The Chinese horse is really a pony somewhat after the type of the western broncho. It comes from Mongolia and is known as the Mongolian pony. It is an exceedingly hardy animal, thrives on food on which a western animal would starve, is able to carry heavy loads long distances, and is very useful in many ways. As a racing animal it is characterized by speed and stamina. China exports between 1,500 and 2,000 of these ponies each year.

Putting It Plainly.

A judge, whose personal appearance was as unprepossessing as his legal knowledge was profound, interrupted a female witness. "Humbugged you, my good woman?" said he. "What do you mean by that?" "Well, my lord," said the witness, "I can't explain it exactly, but if a girl called your lordship a handsome man she would be humbugging you!"

Putting Off the Dark Moment.

Robert had been arriving home late from school. At noontime his mother told him if he repeated the offense she would punish him. When he came home that evening it was five o'clock and supper was ready. Upon seeing his mother he thought he might coerce her into forgetting, and said, "Mamma, I'm nearly starved—let's eat first and talk business later."

Probably Astonished Pusey.

A cat has been in the habit of sleeping on a rubber mat under a dynamo in Cleveland's power house. Somebody removed the mat and the cat slept on an iron plate. It didn't seem to hurt the cat, but her fur became so charged with electricity that ever since it has stood stiff on end like the bristles of a hairbrush.

HOW ABOUT YOUR BOY?

What is the value of your boy to you and to his community?

The answer is, found in the helpful moral influences and environment which have touched or are touching his life. On these factors generally depends whether he stands erect with the mark of true manhood on his brow or carries with him the marks of his degeneration.

The Y. M. C. A. is perhaps the greatest agency for promoting character building among our young men. It has specialized in such work and has proved its fitness to carry on. It is ready and anxious to help your boy and other boys, not only in the towns and cities but throughout the country generally.

The Y. M. C. A. is a practical as well as a spiritual organization which has for its object the making of fit men, physically, intellectually and spiritually. How does such a proposition appeal to you for your boy?

It is hoped to put a permanent trained Secretary into every county in the State, and Knox County surely needs one.

Don't overlook the fact that the Y. M. C. A. will then belong to us and its work will be our work, work which we are leaving undone, to the detriment of our boys and young men.

We talk of the wickedness of the cities but the fact is that the small town and country districts are every bit as likely to tempt our young men to go astray as is the city, from the fact that they are generally lacking in constructive helpfulness and in promoting the decent get together spirit which helps young fellows to keep each other straight.

Get behind the Y. M. C. A. Give it your time and your money. It may save the moral life of your boy or of other boys and an investment of your time and money cannot be better made.

Think of some of the boys you know and try to realize what they might have been had they fallen under other and better influences, such as the Y. M. C. A. offers.

Up to the present, Knox County has reason to be ashamed of its poor support of this splendid work.

Seek Truth Even in Error.

There is no error so crooked but it bath in it some lines of truth, nor is any poison so deadly that it serveth not some wholesome use. Spurn not a seeming error, but dig below its surface for the truth.—Tupper.

Good in Discontent.

A lot is said about discontent, but discontent has its value, too. It is the mainspring of progress. A man must be discontented with what he has before he will try to better his circumstances.

World's Best Climber.

The world knows no better climber than the Rocky mountain sheep.—Chicago Daily Journal.

Big Dye Factories.

Japan has 80 dye factories, with an annual capacity in excess of 10,000,000 pounds.

ALL-TIME HEALTH OFFICER

The necessity for an all-time Health Officer in Knox County is shown by the following report from the Department of Vital Statistics showing the deaths in Knox County during the year 1918.

Estimated population of Knox County 26,068. Total deaths (stillbirths excluded) 491. Of this total the following number occurred from preventable diseases, viz:

Tuberculosis of the lungs,	28
Other tuberculosis,	1
Typhoid fever,	10
Diphtheria, croup,	5
Scarlet fever,	2
Measles,	13
Whooping cough,	34
Pneumonia, broncho pneumonia, 43	
Diphtheria, enteritis, under 2 yrs 19	
Meningitis,	11
Influenza, (la grippe)	160
Puerperal septicemia,	2
Other diarrhoeal diseases	14

The establishment of the Department of Health, with an all-time health officer will do more toward eliminating these preventable diseases than any other step which the people can take. Preventable diseases are such as, by the exercise of sound and right sanitary laws and measures, can be reduced, prevented and eliminated.

CONCERNING SMALLPOX

The following is an editorial from the Louisville Times of Oct. 11 and is worthy of repetition:

No sympathy should be wasted upon those parents of Mercer County who refuse to have their children vaccinated against Smallpox in accordance with the orders of the County Board of Health. If this vaccination were in the form of an experiment, the effect of which upon the health of the children was unknown or doubtful, the situation would be entirely different, but as the matter now stands there is no excuse for the recalcitrancy that would keep the health of all the children in the county in risk merely to gratify a pig headed notion fostered no doubt by some fanatical society or individual.

The news from Harrodsburg says the objectors to the vaccination order have received much mail and commendations from all points. So much the worse for those who commend such action. The merits of vaccination against Smallpox have been established through a long course of practice, and vaccination or inoculation against diseases has been taken up of late years with marked success.

In a letter to the Advocate Dr. A. T. McCormack says, "Smallpox is widely prevalent in several sections of Kentucky. The Statutes require every citizen of this state and every child to be vaccinated. Smallpox then, is a sign of lack of intelligence and of failure to obey the law. Besides this, it is foolish because it is the simplest and surest means of protection against the loathsome and troublesome disease."

If you desire to buy call on C. C.
Bingham.

Mr. Riley was on the sick list this
week.

Mr. Jack Winkler, who has been
very low, is up and going again.

O. F. Slusher was in Barbourville
last week.

Rev. G. W. Smith, of Walls End,
was here last Saturday on business.

A. J. Slusher was here from Va-
rilla Sunday visiting relatives.

A big crowd attended the speak-
ing at Barbourville last Saturday
from here.

When Croup Threatens

Quick relief of baby's croup often
forestalls a serious situation when this
dreaded disease comes in the late
hours of night.

Mothers should keep a jar of Braine's Vapomenthia Salve on hand. When croup threatens, this delightful salve rubbed well into baby's throat, chest and under the arms, will relieve the choking, break congestion, and promote restful sleep. Take the place of nauseating drugs. Used consistently by physicians in combating croup, colds, pneumonia, etc. in children as well as grown-ups. 10c, 50c and \$1.25 in all drug stores or sent prepaid by
Braine Drug Company
N. Wilkesboro, N. C.

MON. JAMES D. TUGGLE

Judge Knox County Court.
The undersigned respectfully re-
present that they are citizens and
residents of Knox County, Kentucky,
and qualified voters in said county.
We hereby petition that the Coun-
ty of Knox be established as a dis-
trict for the creation, establishment
and maintenance of a county depart-
ment of health for the prevention
and control of epidemics and com-
municable sickness as determined by
the State Board of Health. And to
this end, that the proposition of es-
tablishing said county as a district
for the creation establishment and
maintenance of said department of
health be submitted to the voters of
said county at the coming November
election, 1919, as provided in Chap-
ter 65, page 296, of the Acts of the
General Assembly of Kentucky, of
1918.

Vote "yes" on the Statewide amend-
ment Nov. 4th.

ATTENTION VOTERS

At a meeting of the Knox Fiscal
Court held on the 5th day of Sept.
1919, the Court declined to estab-
lish a "County Department of
Health" which carries with it the
employment of an all-time Health
Officer at a salary of not less than
\$2,000 and not more than \$3,000,
per annum and the necessary ex-
penses for traveling in the perform-
ance of his duties.

The Court in declining to estab-
lish the Department of Health did
not undertake to pass upon the ad-
vantages or disadvantages of such
department, but based its action on
financial conditions of the County.

The establishment of a Depart-
ment of Health will carry with it a
levy of 5 cents on each \$100.00 of
taxable property.

The Fiscal Court, by reason of
the indebtedness of the County
could only levy for the year 1919
a tax of 6 1/2 cents on each \$100.00
taxable property for roads and
bridges and which will produce
about \$4,500.00.

If a levy of 5 cents on each \$100
should be laid for the establishment
of a Department of Health, then the
levy for roads and bridges would
have to be reduced accordingly.

This statement is not made for
the purpose of influencing any voter
in casting his vote nor for the pur-
pose of asking any person to sus-
tain the action of the Court, because
the question could have been sub-
mitted to the voters if the Court had
decided to establish a Department of
Health. But the members of the
Court are of the opinion that this
statement should be made in order
that the voters may be better inform-
ed as to the financial conditions of
the County, and in order that they
may determine themselves wheth-
er the tax levied by the Fiscal Court
should be applied to the Department
of Health or expended on the roads
and the Court will willingly comply
with the action expressed by the
voters. J. D. Tuggle.

By order of Knox Fiscal Court.

PRINCE
ALBERT
the national joy smoke

TALK about smokes, Prince Albert
is geared to a joyhandout standard
that just lavishes smokehappiness on
every man game enough to make a bee line for a
tidy red tin and a jimmy pipe—old or new!

Get it straight that what you've hankered for in
pipe or cigarette makin's smokes you'll find aplenty
in P. A. That's because P. A. has the quality!

You can't any more make Prince Albert bite your
tongue or parch your throat than you can make a horse
drink when he's off the water! Bite and parch are cut
out by our exclusive patented process!

You just lay back like a regular fellow and puff to beat
the cards and wonder why in samhill you didn't nail a
section in the P. A. smokepasture longer than you care
to remember back!

Buy Prince Albert everywhere tobacco is sold. Toppo red bags,
tidy red tins, handsome pound and half pound tin humidors—and
—that clever, practical pound crystal glass humidors with sponge
moistener top that keeps the tobacco in such perfect condition.

MADE BY SCOTT & BOWNE
 MAKERS OF SCOTT'S EMULSION

Personal Mention

Mother Cole is on the sick list this week.

R. B. Minton is in Harlan this week on business.

The Annual Revival is going on at Union College.

James A. West, of Brush Creek was in town Thursday.

Croley and Sears have moved into their new store.

Raymond Overly spent the week end out of town.

Miss Fanny Lunsford has been ill for the last few days.

Rev. and Mrs. Creal are out of town for a few days.

Mrs. Sam Lewis is quite sick at their home this week.

S. A. Elam and wife, of Middlefork, were in town Thursday.

Rev. W. T. Butler was in Middlesboro Sunday.

Rev. A. H. Guyn held a baptizing at Yeager School House Monday.

Mrs. John Lawson and Miss Edna returned from Knoxville Monday.

Mrs. Elizabeth Archibald has accepted a position in Middlesboro.

Mrs. T. H. Hayden, Jr. spent last week with her husband at Corbin.

Clarence Wood, of Lexington has been visiting friends in Barbourville.

T. W. Minton has returned from a business trip to Virginia and Tennessee.

Mrs. Watson, of Elys, spent Sunday at the home of her uncle, Dr. Wm. Burnside.

Mr. Elliott, Y. M. C. A. Secretary from Straight Creek, spent Sunday in town.

Miss Jewel Tye, who is in College at Lexington, spent the week-end with home folks.

Mrs. Kate Potter, of Manchester, stopped over for a visit with Mrs. John A. Black.

Cumberland Council 165 R. A. M. will meet Monday evening, Nov. 28th, at 7:30 p. m. All members requested to be present.

W. C. Black, T. I. M.

S. C. Nolan, popular L. & N. agent at Harlan, has resigned to go into business. He was formerly in Barbourville with the L. & N.

Cecil Maxey spent Sunday with home folks. He has been in the Harlan office of the L. & N. but has been promoted to the position of relief agent.

Tuesday night a great many wild geese were heard passing overhead on their way south. This is said to be a sure sign of approaching cold weather.

Mr. Geo. Anderson, former Secretary of the Y. M. C. A. at Corbin, and now in the State work, made a fine talk at the Presbyterian Church on Sunday morning.

James Bright has just received a beautiful gold mounted fountain pen, engraved with his name, from the Southern Book Supply Co. for selling eighty-six dollars worth of books on the Fourth of July.

The little baby girl that came to the home of Mr. and Mrs. Lyman Benjamin on Sunday lived only one day. The sympathy of their many friends is extended to Mr. and Mrs. Benjamin in their loss.

Mrs. J. G. Tye entertained with a six o'clock dinner on Wednesday in honor of Mrs. Duncan, of Richmond, Ky. White chrysanthemums were used in profusion in decoration. Those seated at the table were: Judge and Mrs. J. S. Miller, Mrs. Duncan, Dr. and Mrs. J. G. Tye.

Voters interested in political matters sometimes fail to vote upon other questions of public importance, into which no question of politics enters. Thus progress is often balked by negligence. Do not forget the all-time Health Department. Do not fail to vote "yes."

Mrs. Chas. F. Rathfon and Mrs. Maud Marcum were hostesses Monday for a delightful four o'clock tea given in honor of Mrs. W. C. Morrey, of Jackson, Mich. The guests present were Mrs. Morrey, Mrs. T. W. Minton, Miss Nola Minton and Mrs. R. P. Black.

Mrs. Wm. Burnside and daughter Mrs. E. B. Dishman have returned from Louisville. On their way they visited K. C. W. in Danville, where Miss Cecil Byrley Mrs. Burnside's granddaughter is attending school. They report that Misses Roberta Cole and Mary Agnes Heidrick, who are also attending that college, are doing good work and are very well satisfied.

WOMANS STUDY CLUB

The Womens Study Club will meet Tuesday, Nov. 4th, with Mrs. James S. Golden as hostess. Mrs. George Tye, chairman, assisted by Mrs. J. D. Tuggle and Miss Nola Minton will discuss the following topics: "Benefits of Italian Travel," "Church Art in Rome," "Morning Stars in Italian Art."

James Stucky Says, "Rat Cost Me \$125 For Plumbing Bills."

"We couldn't tell what was clogging up our toilet and drains. We had to tear up floor, pipes, etc., found a rat's nest in basement. They had choked the pipes with refuse. The plumber's bill was \$125. RAT-SNAP cleaned the rodent out." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Costello Drug Company.

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught, Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theodor's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, and we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit. If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result. Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theodor's, the original and genuine. 51-4tp

The Advocate took great pains to explain to its readers in the last issue that each and every one of them was to have an extra hour in bed on Sunday morning at the expense of Old Father Time. In spite of this some of our good friends turned their clocks the other way, and found to their horror that they had gotten up at 5:30 instead of 7:30. Oh, yes, they went to church but slept all Sunday afternoon. Moral—read the Advocate and be up on time.

The Red Cross rally at the Christian Church Sunday evening was interesting and well attended. Rev. A. H. Davis was the speaker for the Red Cross. Mr. Anderson spoke for the Y. M. C. A. and Prof. B. C. Lewis gave some of his overseas experiences. The executive committee of Knox County Red Cross was appointed for the year 1920. Union College orchestra furnished the music.

FOR SALE—The Nicholson property on Pine Street. 10 room house modern equipped, newly painted, new roof, newly papered. Lot about 85 ft. front by 430 ft. Price \$5,500. Half down, balance in 6 or 12 months notes. Is worth more money. See Fred Burman, Mountain Advocate, Barbourville, Ky.

DON'T OVERLOOK

The fact that when you get your ballot in November you should also receive a separate ballot by which you will be able to express your will on the Statewide Prohibition Amendment.

WANTED—Men or women to take orders among friends and neighbors for the genuine guaranteed hosiery, full line for men, women and children. Eliminates darning. We pay 50c an hour spare time or \$24 a week full time. Experience unnecessary. Write International Stocking Mills, Norristown, Pa.—50-1f.

NOTICE

Notice is hereby given that an election well be held on the 4th day of November, 1919, in precinct No. 25, to determine whether it shall be unlawful for cattle, general stock law, hogs, cattle, sheep, horse stock and fowls and everything in the way of stock, to run at large in said precinct.

Given under my hand this 1st day of October, 1919.

D. W. Slusher, Clerk.

A Beautiful Woman.

Do you know that a beautiful woman always has a good digestion? If your digestion is faulty, eat lightly of meats, and take an occasional dose of Chamberlain's Tablets to strengthen your digestion. Price 25 cents.

FOR SALE

368 acres good Land in high state of cultivation, with improvements, 3 miles from County Seat on good road. Reason for selling, to dissolve a partnership. Not listed with real estate agents.

Kavanaugh and Hudson, Lancaster, Ky. 47-6t

Can Now Eat and Sleep in Comfort.

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became very dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well."

Old False Teeth Wanted

We pay \$1 to \$20 per set for them in any condition. Broken parts in proportion. We also buy old crowns, bridge work, broken jewelry and old silver of all kinds. Mail it to us—your money sent by return mail.

Brackney Refining Co.
 P. O. Box 570 Louisville, Ky.

"These Rats Wouldn't Eat My Best Grain," Says Fred Lamb.

It's hard to keep rats out of a feed store. Tried for years. A neighboring store sold me some RAT SNAP. It worked wonders. Gathered up dead rats every morning. Bought more RAT-SNAP. Haven't a rat now. They wouldn't eat my best grain when I threw RAT-SNAP around." Three sizes. 25c, 50c, \$1.00. Sold and guaranteed by Costello Drug Company.

POISON LIKE UNTO Vemon of Snakes

Professor H. Strauss, M. D., of the Royal Charity Hospital, says, "The cause for an attack of gout, rheumatism, lumbago, is supplied by the increase of uric acid in the blood serum, the result of various causes, the most frequent of which is renal. Before an attack, one suffers sometimes from headache, neuralgia, twinges of pain here and there."

When your kidneys feel like lumps of lead, when the back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; when you suffer with sick headache, or dizzy, nervous spells, acid stomach; or you have rheumatic pains or lumbago, gout, sciatica when the weather is bad, do not neglect the warning, but try simple means. Take six or eight glasses of water during the day, then obtain at your nearest drug store "An-uric" (anti-uric acid).

This is the discovery of Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. "An-uric" is an antidote for this uric acid poisoning and dissolves uric acid in the body much as hot coffee dissolves sugar. "Anuric" will penetrate into the joints and muscles, and dissolve the poisonous accumulations. It will stamp out toxins. Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

ARTEMUS NEWS

We had a big speaking here Saturday night. There was a large crowd and from indications, Edwin P. Morrow will carry here to a man.

Nannie Stickley and her sister Liza and Pauline Bargo, of Barbourville were the guests of Mr. and Mrs. Mabel Hammons Sunday.

Denver Mills of Four Mile, was the guest of Mr. and Mrs. John Mills Sunday.

Born to Mr. and Mrs. Dan Murphy, a fine boy.

Judge Hammons has bought a large farm on Turkey Creek from Ance Howard and is expecting to move on it very soon.

Ance Howard has bought the property of Judge Hammons here for the purpose of making his home in Artemus for a while. We are glad to have Mr. Howard and wife for new neighbors.

Born to Mr. and Mrs. McKinley Jackson, a fine boy.

Otto Messer has bought Wylie Jackson's place and will move on it soon.

Judge Hammons is still working in the interest of Edwin P. Morrow.

Harrison Jackson, of Scaft, was here Tuesday with his drumming supplies.

Charley Fortney has sold his farm here and will have to look out for a change.

Anderson Merdy got his foot badly mashed by a crosstie.

The baby of Columbus Mills who has been very ill for the past two weeks is improving some.

E. E. Hammons made a trip to Four Mile Tuesday on business.

W. A. Hubbard, of Scaft, has accepted the job of painting John Mills house and has now completed that job and is ready for C. B. Williams who has spoken for him to paint his house.

Aunt Fannie Mays went to Barbourville Tuesday.

Death came to the home of James Goshen and called Mrs. Goshen to her eternal home in glory. The remains were interred in the home grave yard at Fighting Creek.

Mrs. Alex Smith was very ill for the past week.

Elike Freeman and family, of Melville, Ohio, who came here with the expectation of making this their home have decided to go back.

NOTICE

Notice is hereby given that an election well be held on the 4th day of November, 1919, in precinct No. 23, to determine whether it shall be unlawful for cattle generally and all species thereof to run at large in said precinct.

Given under my hand this 1st day of October, 1919.

D. W. Slusher, Clerk.

NOTICE

We have received a number of complaints that the Advocate is not being delivered to subscribers and wish to take up the matter with the Postmaster General.

Will our subscribers who fail to receive the paper regularly advise us so we may quote definite cases.

AT THE CHRISTIAN CHURCH

Sunday November 2nd.
 Bible School at 9:45 a. m.
 The usual services at 10:30 a. m.
 Sermon subject: "The Relation of the Christian to the Civil Power."
 Special attention is called to the fact that the first Lord's Day in November is the time for making our offering to State Missions. Let every one make an adequate response to the call of the day.

Evening services promptly at 7 o'clock. Subject of the evening discourse: "The Inspiration of Duty's Call."

Let the Sunday School officers and teachers remember the Worker's Conference on Wednesday evening, Nov. 5th.

Thomas J. Belcher, Minister.

Mrs. W. C. Morrey and Miss Nola Minton spent Tuesday in Middlesboro, driving over Cumberland Gap to the famous Lincoln Memorial College at Harrogate, Tenn. Upon their return to Middlesboro a lovely dinner was served by Mrs. Chas. S. Lyons who recently moved from Barbourville to Middlesboro. After dinner they drove to Pineville and they were joined by Mr. C. L. Banks for a pleasant evening at that point.

Mr. Harper, District Secretary for the Y. M. C. A., spent several days in Barbourville this week canvassing the Knox County quota for the Y. M. C. A. fund.

Sincere Gratitude

Mrs. William Bell, Logansport, Ind., writes: "I deem it my duty to express my gratitude for the good Chamberlain's Colic and Diarrhoea Remedy did me when I had a severe attack of diarrhoea three years ago. It was the only medicine that relieved me."

RED CROSS WEEK

There has been much said about the splendid work of the American Red Cross both in peace and war times, and even louder than the spoken and written words speaks the marvelous service which it has done.

Beginning November 2nd, and continuing thruout the week, the people of the United States are asked to support a peace program which will continue the work on an enlarged scale. To each person is made the appeal—if you believe in the work of the organization and are willing to continue it, express your willingness by wearing a 1920 membership button.

Of the Red Cross band it does not take

Great wealth to be a part. It does not take great rank of power. Just a dollar and a heart!

BE RAISED FOR HOSPITALS

A modern hospital illustrative of the type of buildings Southern Baptists are employing in the relief of human suffering.

In their work of relieving human physical suffering Southern Baptists at present own and control fourteen hospitals and there are under course of construction and about ready to be opened at least two more, with considerable progress made toward the erection of others. All of these institutions are liberally patronized and are self-supporting but all of them need to be enlarged in order to meet the rapidly growing demands upon them. The demand for charity work is especially urgent and in order to enable them to thus render a needed service to those who are least able to help themselves as well as to provide larger facilities for the regular work the hospitals are doing the sum of \$4,800,000 has been apportioned to them from the proceeds to be raised in the Baptist 75 Million Campaign.

This work of relieving the physical infirmities of men, women and children and thus putting them on the

road to better health and larger efficiency and usefulness was begun within the bounds of the Southern Baptist convention in 1890 when the Missouri Baptist Sanitarium was opened in St. Louis. From a very small beginning in a residence with less than a dozen beds, this institution has grown into a modern institution with more than 300 beds.

Other Baptist hospitals in the South include Baptist Hospital, Muskogee, Okla.; Baptist Hospital, Miami, Okla.; Baptist Hospital, Cushing, Okla.; Baptist Memorial Hospital, Memphis, Tenn.; Georgia Baptist Hospital, Atlanta; Oklahoma Baptist State Hospital, Oklahoma City; Baptist Hospital, Columbia, S. C.; Texas Baptist Memorial Sanitarium, Dallas; Baptist Hospital, Houston, Tex.; Baptist Hospital, Alexandria, La.; Baptist Hospital, Jackson, Miss.; St. Louis Baptist Hospital, St. Louis, Mo., and the Kansas City Baptist Hospital at Kansas City, Mo.

BAPTISTS PLAN RECONSTRUCTION PROGRAM

BODY CHARGED WITH DUTY OF OUTLINING HOW 75 MILLION CAMPAIGN CAN PROMOTE THAT TASK REACHES FIELD—DR. LOVE OUTLINES THE NEED AND ISSUES CALL

DR. J. F. LOVE
SECRETARY
FOREIGN
MISSION
BOARD

DR. Z. T. CODY
EDITOR
BAPTIST
COURIER

REV. EVERETT GILL
MISSIONARY AT ROME

To make a general survey of the economic, social and religious conditions in Europe with a view to recommending to the Baptists of the South where and how they can aid most effectively in the reconstruction of that continent through the Baptist 75 Million Campaign, a commission, composed of Dr. J. F. Love, secretary of the Foreign Mission Board at Richmond, Va.; Dr. Z. T. Cody, editor Baptist Courier, Greenville, S. C., and Rev. Everett Gill, missionary at Rome, Italy, who is returning after a leave of absence in this country, and who will serve as guide and interpreter to the other members, is now in England for a conference with the Baptists of Great Britain and will go from there for an inspection of France and Belgium.

Another brief conference will be held with the Baptists of Switzerland, after which a trip will be made through Italy and a survey of the new republic of Czechoslovakia conducted. From Prague, capital of Bohemia, the commission will go into such parts of Russia as are open, and the foreign trip will be concluded with an inspection of Palestine, where the missionary work formerly done in Syria, Persia and Galilee by the Illinois Baptist Association has been turned over to the Foreign Mission Board.

There are approximately 4,260 Baptist churches in Europe today, with 8,000 pastors and missionaries and 566,800 church members. It is announced by the headquarters of the Baptist 75 Million Campaign, and a considerable sum from this campaign will go toward supporting needy families of Baptists and others in the war-torn regions as well as in the propagation of the gospel and the establishment of the Christian institutions there, it is announced. Before sailing on the Adriatic on his

European mission, Dr. Love made the following statement outlining the purpose of the commission:

"When the call came to help save, promote and secure democracy in Europe there came a louder call to help save, promote and secure evangelical Christianity in Europe. That which alone will now preserve and perfect the democracy for which brave men have died on the battlefield of Europe is the Christianity of the New Testament. Southern Baptists can no longer profess New Testament Christianity and decline a challenge like that which is now presented to them to bear witness to their faith among the peoples of Europe. Our people never before faced such a challenge and such a responsibility.

Of course we can not go to the men and women of Europe who have been stripped of earthly fortune and reduced to direst necessity with a message of Christian love and brotherhood if we decline in our abundance to carry some substantial pledge of our love and compassion. Mothers will not be able to stay the crying of their little ones to hear us preach if we decline to practice the gospel of compassion and feed these little ones and build fires at which they can during the coming winter warm their frost-bitten toes. Southern Baptists are under the most solemn obligation to help relieve the want and suffering of Europe. But if there were no reconstruction work in Europe, Southern Baptists have no lives numerous enough and strong enough to compel them to make a complete success of the Baptist 75 Million Campaign. I would therefore, as my parting word to my brothers and sisters of the South, implore them to give themselves to this campaign and carry it to a triumphant conclusion during Victory Week, November 30-December 7."

CHINESE BECOME SOCIAL PIONEERS

Men and Women Form Good Fellowship Club Together Under Y. W. C. A. Leadership.

The Good Fellowship Club has made its appearance in society in Hangchow, China.

It began with the desire of a progressive young Chinese doctor to give his compatriots, especially the Christians, some healthful form of social intercourse.

Channels for a good, clean, social life among Chinese people are very limited. Until recently becoming a Christian often meant cutting oneself off from one's friends and relatives, also from feast days and festivals. As for joint meetings of men and women—well, such a thing was never heard of in decent society.

The young doctor's plan of having a club where men and their wives might come together to enjoy a good time with each other was discouraged and sniffed at. However, a few people agreed to be pioneers in the cause of social intercourse, and Y. W. C. A. secretaries agreed to help make the club a success.

At first the meetings of the club were laughed at by outsiders and the whole affair considered a joke. However, the members kept on meeting, first at one house and then at another. Soon the men got over the feeling of strangeness at starting out with their wives on Tuesday evening for a friend's home. The women began to enjoy the outing and to take part in the discussions—an intelligent part, too—much to the surprise of their husbands.

The membership grew. The club's fame began to spread. At first the discussions of the club were conducted in English. Soon it became necessary for them to be carried on in Chinese so that more of the women could understand and take part. Many of the scoffers began to apply for admission. The members began indulging in much friendly chaffing and occasionally forgot their dignity to play jokes on one another. Finally it became so large that it had to be divided into two sections, which met separately three Tuesday evenings in the month and on the fourth Tuesday met together for a joint session, with a special program.

Students just returned from American and German colleges, an old Buddhist scholar who is particularly interested in the discussion on Buddhism and Christianity, merchants, railroad and government officials compose the men's side of the room. The women are still a bit shy about talking in front of so many people, but many of them show signs of great executive ability and power of leadership. They are all well poised, clear thinking individuals, who will have a great influence on China's future. They discuss among themselves group meetings in their various churches, the lack of amusements for Chinese women, social service work, subscription lists for the orphanage, cake making, types of stoves, baby diets, the latest engagement and other topics such as one would hear discussed by a group of women gathered together any place in America.

The social part of the evening is given over to games, which at first astounded the sober Chinese gentlemen, but which they take up with great zest after the first evening. And their wives enjoy it just as greatly.

Real American picnics are the latest thing which the club has tried, and they are a great success. A Christmas play is being planned now.

ENGLISH IS COMMON TONGUE.

Chinese Girls Learn It to Talk to One Another.

Chinese women students in the Tung Fu College, Peking, China, are obliged to learn English in order to talk with one another because of the different dialects used by the student body.

Girls from the extreme western provinces of China, who attend the school, must remain in Peking during all of the eight years required for their high school and college training, because to return each summer would require six weeks for the trip, one way and would cost more than a trip to America and return.

Girls from each of the western provinces speak a different language and they cannot understand one another any more than they can the girls from northern, southern, eastern or central provinces. Hence, they have adopted English as a common tongue.

NEW SCHOOL FOR CHINA.

Y. W. C. A. Secures New Site for Girls' Physical Training School.

A new home has been found for the Physical Training School which the Young Women's Christian Association has opened for native girls in Shanghai, China.

The school, while in the country, is not far distant from the National Headquarters of the Y. W. C. A. in Shanghai nor far from the local Y. W. C. A. The grounds cover eighteen "mow," which means approximately six acres, and are divided by a private road. A foreign residence already on the grounds will be used by the American teachers, while native buildings on the other side will furnish living quarters and classrooms for the 35 students.

The grounds boast a garden, tennis courts and an athletic field.

PUBLIC ROADS

FEDERAL AID FOR ROAD WORK

Small Amount Paid Out in 1918 Was Because of Steps Taken for Conservation.

(Prepared by the United States Department of Agriculture.)

Although \$14,550,000 was available for expenditure on the post roads from the federal aid road act, only \$425,445 was paid from federal funds in the highway construction season of 1918 on all projects. The reason for this, according to the annual report of the secretary of agriculture, was the steps taken to conserve money, labor, transportation and materials in highway work during the war, and at the same time to facilitate really essential highway projects.

In connection with the federal aid road work a letter was addressed to each state highway department asking that a program of federal aid construction be submitted at the earliest possible date, in which would be included only those projects which the state highway departments considered vitally necessary to the transportation facilities of the country.

At the request of the capital issues committee, engineers of the department were made available for inspecting and reporting upon proposed highway and irrigation and drainage bond issues. Inspections were made of 181 separate projects, involving total bond issues of \$86,912,396. An arrangement was made with the fuel administration whereby highways of special importance should receive enough bituminous material to provide for adequate maintenance, and where necessary to permit construction and reconstruction. From May 13, 1918, when the co-operation became actively effective, until the close of the fiscal year, 2,235 applications, calling for 75,000,000 gallons of bituminous material, were received from states, counties and municipalities. Of this amount approval was given and permits were issued for 58,000,000 gallons.

In order to co-ordinate the activities of various government agencies, so far as they relate to highways; better to conserve materials, transportation, money and labor; to eliminate delays and uncertainties, and to provide positive assistance in carrying on vitally effective highway work, the secretary requested each of the government departments and administrations inter-

Building a Good Road in Massachusetts.

ested to name a representative to serve on a council to deal with highway projects during the period of the war. As a result, the United States highways council, consisting of a representative from the department of agriculture, the war department, the railroad administration, the war industries board and the fuel administration was formed in June. During the first four months of its existence the council passed upon about 5,000 applications, involving nearly 4,000,000 barrels of cement, 3,250,000 tons of stone, 1,140,000 tons of gravel, 1,207,000 tons of sand, over 77,000,000 brick and nearly 20,000,000 pounds of steel, and 140,000,000 gallons of bituminous materials.

BEST CROWN FOR EARTH ROAD

Machine With Suitable Power and Operator Will Do Work of Many Men With Shovels.

The earth road can best be crowned and ditched with a road machine and not with picks and shovels, scoops and plows. One road machine with a suitable power and operator will do the work of many men with picks and shovels and do it better.

If the road is composed of fine clay or soil it will sometimes pay to resurface it with top soil from an adjacent field, which has sand or gravel mixed with it.

GROWING RADISH AND CARROT

Seed May Be Sown Together—Radishes Ready to Pull Long Before Carrots Come Up.

Radish and carrot seed may be sown together. The radishes will be ready for pulling long before they become troublesome to the carrots, and the radishes break through the crust, being robust plants, breaking the way for the more delicate plants of the carrots.

ALL UP TO THE SCHOOL-MA'AMS

Kentucky Teachers Are Most Important Factor in \$300,000 Drive

GILBERT URGES ACTION

"The country school-ma'am—that faithful, endearing bulwark of progress and enlightenment—is the personage on whom the success of Kentucky's \$300,000 drive to build a new Children's Home depends. The country school-ma'am is the one who is in the direct position to take charge of the campaign in her school and get the children interested," according to George L. Sehon, superintendent of the Kentucky Children's Home Society.

V. O. Gilbert, state superintendent of schools, urges all teachers to put their best efforts into the campaign until it closes the last week in October. "County superintendents are often too busy to enter personally into the campaign, and perhaps the teachers think it is not up to them to take the initiative in the matter. I want to urge all county superintendents to put forth their best efforts into the campaign, but if some should happen to forget their duty in this matter, I want to see the teachers themselves take hold and push it through to the great success it deserves. Many of the prominent people over the state who would be willing to direct a campaign in their locality, are busy taking part in the political campaign. Here is a chance for teachers over the state to show their initiative and qualities of leadership and management in their schools and communities."

A Business Investment.

The new home which will be built after the campaign, will be a group of cottages on a farm ten miles from Louisville. This will provide wholesome surroundings for the children, and the duties connected with the management of the farm will give vocational training to the older children in the care of the Kentucky Children's Home Society.

"It is not only a good, charitable cause, but a sound business investment," Mr. Sehon said. "Instead of the constant yearly drain to provide for the Kentucky children that come into our care, we will have fifty acres of ground upon which to raise provisions, which will more than pay for the cost of the food supplies. The Old Fellows' Home at Eminence, Ky., which cultivates thirty-seven acres, raises more food than is consumed, and there is a surplus to apply on other expenses."

The Head of the Family.

An inquisitive scientist states that the average American family is composed of 4.6 people. Who is the .6? Why, the old man, of course.

Depressing Reflection.

Right always wins, but one can't always wait 500 years to see it do it.—St. Louis Globe-Democrat.

Daily Thought.

Calumny is only the noise of madmen.—Diogenes.

Early American Newspapers.

The first newspaper published in America made its appearance in Boston on September 25, 1689, and was called Publick Occurrences. It was issued as a monthly, but had only one issue, as it was immediately suppressed by the government for political reasons. The Boston News-Letter was the first permanent newspaper in this country, and usually receives credit for being the pioneer, as it was the first that survived. This initial number appeared on April 20, 1704, and its publication was continued for 72 years.

Doctors' Fees Regulated.

The fees of doctors were prescribed by law in Babylon in the days of Nebuchadnezzar. The code of Hammurabi, the great lawgiver, provided: "If a doctor has operated with a bronze lancet on a man for a severe wound, and has cured him, or has removed a cataract with a bronze lancet for a gentleman, he shall receive ten shekels of silver. If the patient be the son of a freedman, the doctor shall receive five shekels."

About Roller Skates.

Roller skates were patented and used in France as early as 1819. A few years later an Englishman named Syers patented them and manufactured them in London. Syers' skate consisted of a sandal mounted on five narrow wheels in a single row, so arranged, however, that only two of them could touch the floor at the same time. Several other similar skates were patented in England during the next 40 years.

And They Come High.

"It sounds funny," said the facetious feller, "but most deep thinkers have lofty thoughts."

Optimistic Thought.

I regret often that I have spoken, never that I have been silent.

SHALL WE HAVE PROHIBITION IN KENTUCKY?

What Will the Mountain Section Do?

On Nov. 4th, 1919, the voters of the Commonwealth of Kentucky will have placed in their hands a ballot upon which to cast their vote for or against State-wide Prohibition in Kentucky. How will this question be decided? There can be no doubt as to how the Mountain Section will vote, for years every county in the Mountains has steadfastly maintained itself free from the lawful sale of liquors in its boundaries, but during all these years the Blue Grass Section and the Northern Section of the State have poured into our counties in Eastern Kentucky great quantities of liquor, and taken from our people therefor, fabulous sums of money, so as it has been we here in this section of the State, altho the majority of the people were against the traffic and use of liquor around our homes, have been compelled under the present law to suffer its use, to suffer the terrible crimes and degradation which it invariably produces, and our neighbors in other sections of the State have waxed fat upon our money spent for the same.

Now we have the long coveted opportunity to adjust this little matter with our sister counties, and the ever loyal Mountaineer owes it to his home and to his community to go to the polls and vote for the Amendment at our coming election.

This is not a political question, both the great parties of the State have endorsed and recommended the Amendment.

Some will say that there is no use bothering with State-wide Prohibition in Kentucky because within a short time all the United States will be dry, but they fail to realize that even tho the Federal Constitution is amended, there will not be State Court in Kentucky that will have jurisdiction and power to enforce it. Its enforcement will be left entirely to the Federal Courts, and there are only a few for all Kentucky. If we write it into the State Constitution, then every Circuit Court, every Quarterly Court, every Magisterial Court in the State of Kentucky will be given jurisdiction to enforce this law. We have been living under War Time Federal Prohibition for several months now, and the Federal machinery has proven inefficient. Lets arrange it so that all the officers of all the Courts in Kentucky can join their strength in suppressing this terrible menace to humanity.

Under the Kentucky Law, should we fail in this effort to establish Prohibition in our State, then the question could not be submitted to the people for a period of five years. For this reason we should exert ourselves, and tell our neighbors to be sure and not overlook this question and roll up a formidable majority in favor of the Amendment so that it cannot be overcome by those who are seeking to defeat it.

WANTED

District Manager for Barbourville and vicinity. Good proposition. Previous experience unnecessary. Free School of Instruction. Address Massachusetts Bonding and Insurance Company, Accident and Health Department, Saginaw, Michigan. Capital \$1,500,000. 51-21

Africa's Consumption of Cotton.

Africa is in third place in the amount of cotton goods consumed. In some sections of Africa 50 per cent of the unbleached cotton trade is with the United States and only 10 per cent with England.

Good Printing

THE kind of printing that pays dividends is the kind you should have. Pale, muddy, poorly arranged printed matter is worse than none. The quality of your business is often judged by the quality of your stationery—inferior printing gives an impression of cheapness that is hard to overcome, while good printing carries with it a desirable suggestion of quality.

We produce only Quality Printing. Whether you want an inexpensive handbill or a letterhead in colors, if you order it from us you will be sure of getting good work. We have the equipment and the "know how" that enables us to get out really good printing—printing that impresses people with the good taste of its users. That is the only kind of printing that

Pays

Mrs. L. L. Ford, of Trosper, has returned home after spending two weeks with her son, Tilman Ford.

Miss Flora Sanders, of Mercer Co. visited relatives here last week.

Miss Verda Loftice is visiting relatives at Rose Hill, Virginia.

Mrs. Lucy Fultz and sons, of Barbourville, visited her sister, Mrs. Mandy Jackson, Saturday.

Swan Lake and Indian Creek schools had a spelling bee Friday and Swan Lake came out ahead. Hurrah for Swan Lake!

Miss Della Powell visited Miss Minnie Loftice Saturday and Sunday.

Mr. and Mrs. G. W. Sanders visited C. G. Jackson Sunday.

Mrs. A. M. Terrell and children visited her mother Mrs. D. M. King.

Mr. and Mrs. Farmer and children visited W. W. Powell Sunday.

Gobel Hawn of Barbourville, called at the Warfield home Saturday night.

T. C. McNeil and G. W. Sanders made a business trip to King one day last week.

Mrs. Sue Faulkner and Mrs. S. C. Faulkner visited Mrs. Ellen Terrell Saturday.

Miss Lizzie Powell visited her Aunt Hala Jane Jackson Sunday.

Miss Hattie Detherage visited Miss Marie McDonald Sunday.

G. B. Detherage and J. H. King were at the McNeil home Sunday.

Mr. and Mrs. Will Fultz are moving from Lynch to this place.

Mrs. Mary Linda Elliott and children visited her brother Joe Partin on Sunday.

Mrs. Mary Ann McNeil and Miss Ina Jackson are visiting the former's daughter in Mercer County.

Misses Grace Partin and Mary McNeil, W. E. and J. S. McNeil went chestnut hunting Sunday and got a lot of nuts and had a jolly time.

GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nauseless Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a lazy liver favor colds, influenza and serious complications.

To cut short a cold overnight and to prevent serious complications take one Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger.

Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calotabs.—(Adv.)

TEACHERS UNIONS

Among the professions which in the past have been left to public generosity in the matter of salary remuneration is the teaching profession and public generosity has been careless to say the least. The politician and the school board have looked upon the teacher as a chump who has had no more sense than to engage in a profession which offers only the poorest kind of a living and as a consequence deserves little consideration. Truth to tell that is what the teacher has received.

But, whatever kind of a worm he has been in the past, the teacher has decided to turn and in turning politician and school board have made the astonishing discovery that the worm has developed a spine and has evolved into something that cannot be trodden on without a come back.

The time has arrived when the teachers have decided that in union there is strength—strength to demand proper remuneration and, we trust, for the sake of the pupils also, decent schools, in which to teach.

Because we, as citizens, have failed to realize the importance of the teaching profession in no way lessens that importance and we shall be compelled to do our duty toward the men and women who have labored to make decent citizens of our

FARMERS ATTENTION FIRE!

All kinds of Insurance, Bonding and Real Estate

We can now insure farmers of this county against Fire, Lightning and Windstorm on their dwellings, barns, stock, feed and farm implements. We write this on five year plan, and take your note and you can pay same at end of each year. This is the first time Farmers have been able to get Insurance for more than fifteen years in this county. Call and see us at once. It will be too late after the fire.

We buy and sell farms, negotiate loans, and buy your Liberty Bonds at the highest prices paid.

Call or phone us and we will send representative to see you.

Itching, Scratching, Skin Diseases That Burn Like Flames of Fire

Here is a Sensible Treatment That Gets Prompt Results.

Eczema and similar skin troubles come from a disordered, impure condition of the blood, and they can only be cured by giving the blood a thorough cleansing, and removing from it all traces of impurity.

This is why S. S. S. has been used so successfully in hundreds of

cases of Eczema and other skin eruptions. This wonderful remedy is one of the oldest and most reliable medicines on the market. It has been sold by druggists for fifty years. Get a bottle today and begin treatment that will get results.

You are invited to write to-day for complete and full advice as to the treatment of your own case. Address, Chief Medical Adviser, Swift Specific Co., Dept. 52, Atlanta, Ga.

boys and girls, a job we ourselves are glad to pass up to them, either from ignorance how to carry it on or because it is a work for which we lack patience or time.

Let us do justice to the teacher even before it is asked of us.

DINNER PARTY

During the recent visit of Mrs. James D. Back and Miss Gertrude one of the functions given in their honor was a dinner by Mrs. R. W. Cole. The rooms were decorated with a profusion of red dahlias. Those seated at the table were: Mrs. J. D. Black, Miss Gertrude Black, Mrs. Lou Word, of Seattle, Wash., Mrs. H. H. Owens, Mrs. Myrtle Cole Minton, Mrs. Carrie Dickinson and the hostess, Mrs. R. W. Cole.

A TEXAS WONDER

For kidney and bladder troubles, gravel, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. Not sold by your druggist, will be sent by mail on receipt of \$1.25. One small bottle, often cures. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo. By T. D. Tinsley, Mayor, and Ex-Off. Chairman.

The Editor continues to improve and with his return next week we hope to be able to go to press on time hereafter.

NURSE OFFERS HER OPINION OF TONIC'S MERITS

"Trutona Worked Like Magic In My Case," Mrs. Richey Asserts

Paducah, Ky., Oct. 30. Mrs. S. A. Richey, 66 years old, of 441 South Sixth Street, has been a resident of Paducah for the past twenty-six years, twenty-one of which have been spent as a practical nurse. These years of experience as a nurse have given to Mrs. Richey a thorough knowledge of many different medicines, a fact which will lend inestimable force to her indorsement of Trutona, the perfect tonic.

"Trutona has worked like magic in my case," is the tribute paid the perfect tonic by Mrs. Richey.

"I'd had kidney trouble for several years," she said. "This caused pains in my back so severe at times that I could hardly get around. My stomach was in bad condition, too. After eating I'd feel bloated and would be annoyed by a shortness of breath. Because of my weakened kidneys I would have to get up seven or eight times during the night.

"The relief I've gained from Trutona has been remarkable. I never have to get up in the night now, on account of my kidneys. The pains in my back have disappeared. And my stomach—well, it's sufficient to say that I enjoy my meals as never before. The beauty of it is that everything I eat agrees with me. I can recommend Trutona as the medicine that gives relief and I hope others suffering as I did will try it."

Trutona is now being introduced and explained in the Costello Drug Store, Barbourville, Ky.

Bronchial Trouble.

Mrs. A. E. Sidenberder, Rockfield, Ind., states: "For an attack of bronchial trouble which usually assails me in the spring I find Chamberlain's Cough Remedy the only thing that gives relief. After using it for a few days all signs of bronchial trouble disappear."

Camel CIGARETTES

18c. a package

CAMELS supply cigarette contentment beyond anything you ever experienced! You never tasted such full-bodied mellow-mildness; such refreshing, appetizing flavor and coolness. The more Camels you smoke the greater becomes your delight—Camels are such a cigarette revelation!

Everything about Camels you find so fascinating is due to their quality—to the expert blend of choice Turkish and choice Domestic tobaccos.

You'll say Camels are in a class by themselves—they seem made to meet your own personal taste in so many ways! Freedom from any unpleasant cigarette after-taste or unpleasant cigarette odor makes Camels particularly desirable to the most fastidious smokers. And, you smoke Camels as liberally as meets your own wishes, for they never tire your taste!

You are always keen for the cigarette satisfaction that makes Camels so attractive. Smokers realize that the value is in the cigarettes and do not expect premiums or coupons! Compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 25 cigarettes or ten packages (250 cigarettes) in a glassine-paper-covered carton. We strongly recommend the carton for the home or office supply when you travel.

Winston-Salem, N. C.

BUSINESS INSURANCE

Every industry, whether great or small, must build for present success and future expansion. Our biggest business enterprises have grown out of insignificant beginnings and their present success can be traced to their realization of the tremendous advantage to be gained by advertising—the accepted definition of which is "business insurance."

Take, for instance, Scott's Emulsion—this business was started nearly fifty years ago by two men without great financial backing, but they thought enough of and believed enough in their preparation to know that the years to come would bring success, but they also realized that success could not come without publicity. Newspaper advertising was started and has been continued, with the result that Scott's Emulsion is universally relied on as a tonic-food for children and adults of all ages. Its pure Norwegian cod-liver oil is prepared by the Scott and Downe process at their plant in Norway under their own supervision where a great fleet of boats is kept employed during the fishing season. The fishers are taken from the fish and the oil extracted by a steaming process. The crude oil is placed in air-tight casks and shipped to their refining plant at Bloomfield, New Jersey, where it is kept at a temperature of from 15 to 20 degrees above zero until used. This is probably the only plant in the country where the oil can be refined in real Norway temperature insuring its absolute purity.

Notwithstanding the above facts, the makers are aware that the public has a short memory and to curtail on the advertising would invite forgetfulness, so rather than risk this forgetfulness they continue to pay the premiums on their "business insurance" policy.

After this long success with Scott's Emulsion they have produced a new digestive tablet known as Ki-moids, which were subjected to scientific experiment for two years before they were offered to the public. Both of these products will be found advertised in this paper, and if the makers of Scott's Emulsion and Ki-moids think well enough of our publication to use it as their medium to gain publicity, consistent use of their columns will surely give standing and a definite asset for future expansion to others. The best way to protect business is through "business insurance"—which is advertising.

Where There's a Baby on a Farm Keep Rat-Snap

Rats are on most farms. Once they get inside the house—look out. Rats kill infants—biting them is not unusual. Nursing bottles attract rats. Brake a cake of RAT-SNAP and throw it around. It will surely rid you of rats and mice. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Costello Drug Co.

PERFECT HEALTH WILL BE YOURS.

When using the old-fashioned and reliable herbal compound used in early settlers' days

Pioneer Health Herbs

Cleanse stomach, liver, kidneys, bowels, purifies blood. Thousands praise it. Send for sample and book. 80 tablets 30 cents. Agent wanted, write for terms. E. C. TOTTEN, 814 Eleventh Street, Washington, D. C.

SCHOOL CHILDREN EARN \$500 IN WAR SAVINGS STAMPS Who Are Eligible.

Contest closes November 21, '19. For further information write Miss Jessie O. Yancy, Educational Secretary, Kentucky Tuberculosis Association, 509 Republic Building, Louisville, Kentucky.

Plant some good grapes. They find a ready sale. Knox County could easily become the center of a grape juice industry.

If there exists a method of pre-

venting the flooding of this city. Federal and State aid should be sought to put it into effect.

Should the miners strike, Nov. 1st it will demonstrate once more how a certain industry can bring misery to thousands of people who have no possible connection with the strike. There is so much human selfishness in both capital and labor that it would be difficult to satisfy either side for any length of time and then the public must pay the piper.

JUST IN TIME

Some Barbourville People May Wait Till It's Too Late. Don't wait till too late. Be sure to be in time. Just in time with kidney pills. Means curing the backache, the dizziness, the urinary disorders. That so often come with kidney troubles. Doan's Kidney Pills are for this very purpose.

Here is testimony to prove their merit.

Wm. Samuels, railroad engineer, Fourth and Poplar Sts. Corbin, Ky. says: "Some time ago my kidneys became disordered and I had soreness and a dull ache across my back. I felt tired and dull at times and my kidneys acted irregularly. I heard of Doan's Kidney Pills helping other railroad men, so I bought a box. I used this medicine as directed and it soon rid me of the pains in my back and other symptoms of kidney trouble."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Samuels had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

NOTICE

Notice is hereby given that an election will be held on the 4th day of November, 1919, in precinct No. 17, to determine whether it shall be unlawful for cattle (hogs only) to run at large in said district.

Given under my hand this 1st day of October, 1919.

D. W. Slusher, Clerk.

SCIENCE TALKS

A celebrated scientist referring to cod-liver oil said that Nature had given the world "almost a ready-made food".

SCOTT'S EMULSION

is richest Norwegian cod-liver oil, elaborated in a scientific manner, very much as Nature wraps up each globule of butter-fat. Scott's is not unlike cream in consistency, but many assimilate it easier than they do other fats. Scott's Emulsion is concentrated nourishment that helps keep the body strong. Give it a trial.

The exclusive grade of cod-liver oil used in Scott's Emulsion is the famous "A. & B. Process," made in Norway and refined in our own American Laboratories. It is a guarantee of purity and palatability unsurpassed.

Scott & Downe, Bloomfield, N. J.
